Like their original Linbar, Lindby Custom has engineered the new Twinbar with rider comfort in mind. The combination engine guard and highway peg has a flip-down peg that allows the rider to make adjustments to the riding position. Lindby Custom, 714-528-0085, www.lindbycustom.com. **Reader Service No. 135.**

Rolling your gear instead of carrying it is infinitely easier, and that goes for bike gear, too. The new Nylon Cruiser II Travel Sissybar Bag from Tour Master lets you do just that. It has a universal mounting system that hides away when not in use, and is large enough to fit two full-face helmets—with room to spare. Other features include several pockets, internal support panels, a rain cover and more. It retails for \$149.99. Tour Master, 800-455-2552, www.tourmaster.com. **Reader service No. 138.**

11048

Protect your prized gear and tools in the new Rider's Crib from Handy Industries. There's shelf space for helmets and boots, six locking drawers and a drop-down shelf. It's powder-coated for durability and rolls on heavy-duty casters. Handy Industries, 800-247-7594, www.handyindustries.com. **Reader Service No. 139.**

Want your own OCC custom, but you're put off by the price tag? These die-cast models by RC2 are only \$6.49 (1:18 scale) and \$24.99 (1:10 scale) so you can bring home the Discovery Channel's *American Chopper* at a price you can afford. Detailed replicas are available of the Fire Bike, Jet Bike, Black Widow and more. Contact RC2's customer service department at 800-704-8697 or visit www.rc2corp.com. **Reader Service No. 140.**
